### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: In consideration of the Amendment (7/27/2007) and in reconsideration of the prior Office Actions and responses thereto, the claimed invention is neither expressly disclosed nor fairly suggested by the prior art. The prior art does not disclose or make obvious the claimed polymer composition wherein an antimicrobial additive comprising a ceramic carrier and ion-exchanged antimicrobial metal ions encapsulated by a water absorbing, water vapor absorbing and wettable hydrophilic polymer having a water absorption at equilibrium of at least 5% by weight in the form of hydrophilic microparticles which are dispersed as a discrete phase within a matrix polymer. Further, the hydrophilic polymer coated antimicrobial agent exhibited unexpected metal ion release when incorporated in a matrix polymer versus a mixture of the hydrophilic polymer and uncoated antimicrobial agent in the matrix polymer. See Trogolo Declaration (5/30/2007), pages 5,6 and Remarks (5/30/2007), pages 19, 20.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
